MD SALMAN KHAN

| Frontend Developer | salmanrsk0510@gmail.com | +91-7007011868 | linkedin/salman-rs-khan |

OBJECTIVE

Frontend Developer with 1+ year of industry experience, skilled in building responsive and user-centric web applications using React, Tailwind CSS, and JavaScript. Experienced in collaborating with teams to deliver scalable, accessible, and performance-optimized interfaces. Currently expanding into Fullstack development with Node.js and MongoDB to build end-to-end web solutions.

TECHNICAL SKILLS

JavaScript	HTML	CSS	React	Tailwind	SCSS	Bootstrap	Node.js	MongoDB	Express.js	GIT
Cross-Browser Compatibility	Angular	Next.js	REST API	JQUERY	Figma	Adobe XD
Responsive Design	WebSockets	Socket.io	Postman	Deployment	Material UI	Axios	Canva	Lazy Loading	JWT Authentication	Python	C

PROJECT

- Asian Scales Website: Created a clean, responsive UI using HTML, CSS, and JavaScript. Ensured smooth UX across major browsers and devices.
- knocialindia.com: Spearheaded frontend using React and Tailwind CSS. Applied modern UX principles and performance optimization.
- Developer Portfolio: Built with React and Tailwind CSS. Highlights frontend range, mobile-first design, and deployment (Live: mdsalmankhan-portfolio.vercel.app).
- Additional Projects (Practice & Assessments):
  - ➤ Food Order Web App (React + Node.js): Functional ordering system with basic backend.
  - ➤ Google Meet Clone: Real-time video conferencing using WebRTC and Socket.io.
  - ➤ Zerodha & Airbnb Clones: UI-focused clones for layout and component practice.
  - ➤ Tic Tac Toe Game: Classic logic-based game using HTML/CSS/JS for interviews & logic assessment.

WORK EXPERIENCE

Front-End Developer – Knocial India Limited, Gurugram　　　　　　　　**Nov 2022 – Nov 2023**

- Developed and maintained 30+ **responsive** and **dynamic** websites.
- Implemented frontend frameworks such as **React**, **Bootstrap**, and modern **UI libraries**.
- Ensured **cross-browser** compatibility and **accessibility** across devices.
- **Collaborated** with **design** teams to align visuals and functionality.
- Led development for knocialindia.com, delivering **modern**, **user-friendly** interfaces.
- Integrated REST APIs and worked on performance optimization for scalable frontend solutions.

EDUCATION

Bachelor of Technology　　　　　　　　**March 2018 - June 2022**

United College of Engineering & Research, Prayagraj- **Grade A | CGPA 7.3**

High School and Intermediate　　　　　　　　**March 2015 - May 2017**

Allahabad Public School, Prayagraj- **CGPA: 8.8 and 6.3** respectively.

COMPETENCIES

| Modern Front-End Development | SPA Design | Component-Based Architecture | API Integration | | Performance Optimization | Deployment | Code Reusability | Web Accessibility | Version Control | State Management | Cross-Browser Compatibility | Agile Development |

CERTIFICATIONS

- **Python** Programming by **Internshala**
- **React** (incl. Next.js, Redux) by **Udemy**
- **Web development** course by **Apna College**.
